CHANCELLOR

FOREWORD

These Regulations for the Degree of Doctor of Philosophy (Ph.D) provide information to prospective research scholars about the Ph.D programmes in different branches of Engineering, Technology and Science and Humanities at Sathyabama Institute of Science & Technology, Deemed University, Chennai.

Course work tends to sharpen logical skills while research work emphasizes both intuitive and logical skills. Indeed , it is the confirmation of intuition by logic that is a reliable route to research and understanding.

Sathyabama Institute of Science & Technology, Deemed University's activities are aimed at developing excellence in Science & Technology through competitive academic and research environment, linkages with the industry and leading academic and research institutions. It aims and seeks to become a World Class University to contribute towards teaching, research, extension and industry collaboration.

Consistent with the high standard of excellence aimed by the University, the faculty comprises of a team of carefully selected and highly qualified and dedicated persons, who have a proven record of meritorious accomplishments to their credit. In addition to the 18 departments covering a wide spectrum of Engineering, Technology and Science and Humanities specializations, we also have a number of Centres of Research .

I take this opportunity to invite prospective candidates to join Sathyabama Institute of Science & Technology, Deemed University and realize their dream of distinguishing themselves in a research career.

JEPPIAAR
Chancellor

ANNEXURE I :- Semester Progress Report

1. Eligibility

- i) A candidate possessing Master's Degree* of this University or any other qualification recognised as equivalent thereto in the fields of study notified from time to time by this University is eligible to register and work for the Ph.D. Programme.
- ii) Eligibility criteria such as the minimum percentage of marks/CGPA obtained by the candidate in the qualifying examination, shall be as prescribed by the Board of Research of the University from time to time.

2. Categories of Ph.D. Candidates and Place of Research

- 2.1 There shall be three categories of Ph.D. candidates as listed under:
 - a) Full -time, b) Part-time (Internal),
c) Part-time (External)
 - a) *Full-time Candidates* : All approved candidates who pursue full-time study and research in this University shall belong to this category.
 - b) *Part-time Candidates (Internal)* : All approved candidates who are employed in Sathyabama Institute of Science & Technology (Deemed University) and actively involved in the relevant area of teaching,

* *It was tentatively resolved by the Board of Research, to keep in abeyance M.C.A from any Institution and M.S conferred by Distance Education as eligibility degrees, to register for Ph.D level research.*

research or development as part of their regular work shall belong to this category.

- c) *Part-time Candidates (External)*: Candidates working in Industry involved in R&D activities, Colleges or Research Organisations, approved by this University, and who are sponsored for pursuing Ph.D. Programmes in this University while continuing in their job, shall belong to this category. While they shall pursue research in their place of employment and/or in this University, such candidates shall spend at least one full semester in this University within the last four semesters, within four years from the date of registration. There shall be one Research Supervisor recognized by this University and a Research Coordinator in their organisation as per clause 4.1(ii) who is responsible to provide all necessary resources and help to complete the research work in a time bound manner.

2.2 Research outside the University :

During the course of the Ph.D. Programme, for reasons approved by the Doctoral Committee, a candidate may be permitted by the University to spend up to one year in an Institution or on a project approved for the purpose, outside the University for carrying out research in areas related to the subject of investigation.

2.3 The duration of the programme:

The duration of the programme and the time limits for submission of thesis for the candidates of different categories shall be as stipulated in Section 5.

3. Registration Procedure

- i) Candidates desirous of registering for the Ph.D. Degree shall submit the application in the prescribed form through proper channel, wherever applicable. The applications received shall be first circulated to all the eligible Research Supervisors in the concerned Departments as part of the *modus operandi*.
- ii) All such filled applications, shall be then scrutinised by the Research Co-ordination Committee. This Committee is responsible for the screening of the candidates and recommending for admission to the Ph.D programme and shall also help in fixing a Research Supervisor taking into account the mutual preferences of the candidate and supervisor.
- iii) The candidates may be required to make an oral presentation on any topic of their choice, before a screening committee which may comprise the members of the Research Co-ordination Committee, the Research Supervisor or faculty members who have some problems for research to offer and a minimum of three senior faculty members knowledgeable in the subject area of research. Such presentation may be looked into as an academic exercise to evaluate his/her aptitude for higher research and may not be taken as the problem for research itself. This Committee may orally examine them for their research aptitude based on their presentation and recommend prospective candidates for admission to Ph.D programme.
- iv) The identified Research Supervisor shall suggest a panel of six names with their specialization, in the

application form, for the constitution of the Doctoral Committee, vide section (6.2).

- v) Candidates whose registration has been approved by the Board of Research, shall be provisionally admitted to the Ph.D. Programme under intimation to the concerned Research Supervisor, the candidate, and the sponsoring institution, if any.
- vi) For approved candidates the date of provisional registration shall be the date on which the Board of Research has recommended admission. Such dates shall be quarterly viz., 1st January, 1st April, 1st July and 1st October, as the case may be, as per the University calendar. However, fees payable is on the semester basis.
- vii) Every approved candidate shall register by paying the initial fees prescribed and then continue to pay the prescribed fees every semester, in order to keep the Ph.D. Registration alive until the thesis is submitted. If a candidate fails to do so within the permissible dates of payment of fees, the registration will be withdrawn and the candidate's name will be removed from the rolls after referring to the Research Supervisor.

4. Research Supervisors and Number of Candidates

4.1 An updated and approved panel of recognised Research Supervisors for the Ph.D. programme of the University shall be maintained by the University.

- i) All Ph.D. registrants shall be required to work under a Research Supervisor recognised by this University.

- ii) In the case of Part-Time candidates (External) there shall be a Co-guide/ Research Coordinator from the organisation where he/she is employed.
- iii) Joint-Supervisor for full-time and part-time candidates (Internal) may be recommended by the Board of Research wherever necessary.
- iv) When the Research Supervisor of a candidate happens to be away from the University on other assignments for more than six months, he/she may continue to guide the candidate, but a second Research Supervisor belonging to the University faculty shall be officially nominated by the Board of Research in keeping with abilities and background, and research adequacies and willingness of the interim Research Supervisor in consultation with the original Research Supervisor.

4.2 Provision for changes

- (i) Change of Research Supervisor :

The Board of Research may consider a research scholar to change his/her Research Supervisor on valid reasons.

- (ii) Change in the category :

A full time research scholar in the event of getting any employment may change the category (2.1) from Full - time to Part – time.

4.3 Recognition:

Recognition of Research Supervisor/Joint Research Supervisor for guiding research work will be accorded by the Board of Management on making an application

in the prescribed format and on the recommendations of the Board of Research, provided the candidate possesses:

- a) (i) A Ph.D. Degree in the relevant or allied areas of research in which he/she proposes to guide the candidate.
- (ii) A minimum of one technical paper published in the relevant or allied areas of research in a refereed Journal or two refereed papers in Conference proceedings and/or patents, within a period of three years preceding the date of application for recognition.
- b) The Board of Research may recommend to the Board of Management relaxation of the above requirements in respect of any competent person to be recognised as Research Supervisor even if he / she does not have a Ph.D. Degree in his/her field of specialisation, which is of such a nature where it is rare to find supervisors with prescribed qualifications .

4.4 Number of Candidates

A Supervisor shall not guide more than six doctoral candidates at any time, unless the Board of Research specifically permits the same under extraordinary circumstances.

5. Duration of the Ph.D. Programme

- 5.1 The duration of the Ph.D. programme and the time limit for submission of thesis are counted from the date of provisional registration vide clause 3(vi). The minimum and maximum duration of time for submission of thesis are given below:

No.	Category	Duration	
		Minimum	Maximum
1.	Full Time	Three Years	Five Years
2.	Part Time (Internal)	Four Years	Six Years
3.	Part Time (External)	Four Years	Six Years

5.2 Extension of maximum duration to submit the thesis:

- i) In exceptional circumstances if the Doctoral Committee recommends and the Vice-Chancellor deems it fit, a maximum grace period of one year beyond the normal maximum period of five / six years may be granted, in spells of six months at a time, to enable the candidate to submit the thesis. During this grace period also, for every semester registration shall be done and fees paid.
- ii) If the candidate fails to submit the thesis within the extended period of one year, the registration will be automatically cancelled and the name removed from the rolls.

6. Doctoral Committee

6.1 The Doctoral Committee shall constitute as under:

- Research Supervisor,
- Joint Supervisor if any .
- Two (or more) experts.

6.2 The Research Supervisor shall furnish in the application of every candidate, a panel of six experts well versed in the field of proposed research, from the faculty of the University and other organisations from which two (or more) will be nominated by the Vice-Chancellor.

The Joint Research Supervisor, if any, shall also be a member of the Doctoral Committee.

6.3 The Research Supervisor from the University shall be the Convenor of the Doctoral Committee. In the event of the Supervisor of the University leaving the University temporarily or permanently the second/Joint-Research Supervisor shall be the Convenor .

6.4 All communications shall be routed through the concerned Head of the Department.

7. Prescription of Course work and Comprehension Examination

7.1 Course work

- i) The Doctoral Committee of the candidate shall meet within a period of one month from the date of communication of the provisional registration and prescribe course work for the candidate.
- ii) A minimum of four courses at P.G level being offered under any approved programme of Sathyabama Institute of Science & Technology (if necessary from any other approved institution) shall be recommended by the Doctoral Committee from courses approved by the Board of Studies. If a course is newly prescribed for Directed Study, then each such course shall be

designed to be covered in not less than 45 contact hours of instruction and shall be approved by the appropriate Board of Studies. Not more than one directed study course may be prescribed.

- iii) No change in the courses prescribed shall be made without the prior approval of the Doctoral Committee.
- iv) Normally courses taken after the date of provisional registration only shall count towards this requirement.
- v) The prescribed courses shall normally be completed within one year from the date of provisional registration.

7.2 Comprehension Examinations

- i) On the successful completion of the prescribed course work, as evidenced by the Grade sheet given by the Controller of Examinations, the Doctoral Committee shall conduct for every candidate a qualifying / comprehension written and oral examination to test the overall background knowledge of the candidate in the broad area of specialisation. Based on the results of this examination, the Doctoral Committee shall report to the Dean (P.G. & Research) the fitness of the candidate to proceed further with his Ph.D. work within one month from the date of the examination held.
- ii) If, based on the results of the comprehension examination, a candidate is not approved by the Doctoral Committee, then a grace period of up to a maximum of six months shall be given, and at the end of which the candidate shall be re-examined. If found

satisfactory, the candidate shall be permitted to proceed with the doctoral work. Otherwise, the candidate's provisional registration shall be cancelled.

- iii) Candidates with M.Phil. Degree, who register for the Ph.D. Programme may be permitted to credit two prescribed course work instead of four. The Board of Research in such cases, may fix the minimum duration of the Ph.D. programme as two / three years as the case may be, based on the recommendations of the Doctoral Committee. However, the comprehension examination is mandatory and may be conducted accordingly.

8. Monitoring the Progress of Candidates

- i) Every six months, commencing from the date of provisional initial registration, the candidate shall submit progress reports in the prescribed format to the Research Supervisor who shall forward it through the Head of the Department to the Dean (P.G. & Research) for information, action and documentation.
- ii) The Research Supervisor shall arrange to make a presentation by the candidate of his/her work twice a year before the faculty of the department and once in a year to the Doctoral Committee which is open to faculty members and Research Scholars.

9. Cancellation of Registration

The registration of a candidate whose progress is either not satisfactory or who has exceeded the maximum period(including grace period) stipulated for the Ph.D.

programme(5.2(i & ii)) shall be cancelled by the Board of Research.

10. Synopsis of Thesis

- i) On satisfactory completion of the research work, carried out after successful completion of all prescribed courses and the comprehension examination, the candidate shall submit to the Doctoral Committee through the Research Supervisor, six copies of the synopsis of the Ph.D. work carried out.
- ii) If the Doctoral Committee approves the research work reported in the synopsis, it shall forward six copies of the approved synopsis to the University along with a panel of atleast six names of thesis examiners, three from India and three from abroad.

11. Submission of Thesis

- i) The thesis shall report, in an organised and scholarly fashion, an account of the original research work of the candidate leading to the discovery of new facts or techniques or correlation of facts already known (analytical, experimental, hardware oriented etc.) and demonstrating a quality as to make a definite contribution to the advancement of knowledge and the candidate's ability to undertake independent research and present the findings in an appropriate manner with actual accomplishments of the work, plainly stated and honestly appraised.
- ii) Six copies of the thesis shall be prepared in accordance with the format and specification prescribed. These

shall be submitted within three months of the approval of the Synopsis by the Doctoral Committee along with three copies of the abstract of the thesis in about 400 words. Under no circumstance, the thesis submission can be delayed except under extraordinary circumstances, where an extension of two months may be permissible with the recommendations of the Doctoral Committee.

- iii) The thesis shall include a certificate from the concerned Research Supervisor (and Joint Research Supervisor, Co guide, if any) to the effect that the thesis is a record of the bonafide research work carried out by the candidate under his/her/their supervision and guidance and that the work reported in the thesis has not been submitted elsewhere for a degree or diploma.
- iv) Along with the submission of the thesis, the candidate shall submit a copy of the thesis in CD ROM duly certified by the Research Supervisor.
- v) Fees shall be paid by the candidates annually/every semester, till the submission of the thesis.

12. Thesis Evaluation

- i) The thesis shall be referred to two examiners (at least one from abroad) nominated by the Vice-Chancellor from the panel of names recommended by the Doctoral Committee. The Vice-Chancellor, if he deems it necessary, may also nominate the examiners from outside the panel.
- ii) The Dean (P.G. & Research) shall take such steps as deemed necessary to enable the reports of the

Examiners to be received as quickly as possible. The examiners are expected to send, in the prescribed form, their reports within two months from the date of receipt of the thesis.

- iii) The examiner shall include in his / her report an overall assessment, placing the thesis in one of the following categories :
 - a. Recommended for the award of the degree of Doctor of Philosophy : Highly commended/Commended.
 - b. Revision required
 - (i) Revised thesis be resubmitted
 - (ii) Revised thesis need not be resubmitted.
 - c. Not Commended
- iv) The examiner shall enclose a report in about 300 words, indicating the standard attained in case (a), the nature of revision in case (b) and the reasons in case (c).
- v) The Doctoral Committee, based on the reports of the examiners, will either provisionally accept the thesis in which case the candidate is asked to defend his/her work in a public viva-voce oral examination or reject the thesis. The following criteria shall be adopted for this purpose :
 - a) If both the examiners recommend the award of the degree, the thesis shall be provisionally accepted. Any minor revision, modification etc. suggested by the examiners shall be carried out before the viva-voce examination is arranged.

- b) If both the examiners do not recommend, the thesis shall be rejected and the registration of the candidate cancelled.
- c) If one examiner recommends the award of the degree while the other does not, then the thesis shall be referred to a third examiner to be nominated by the Vice-Chancellor as in 12(i). If two of the three examiners recommend the award, the thesis shall be provisionally accepted. If two of the three examiners do not recommend, then the thesis shall be rejected and the registration of the candidate cancelled.
- d) If any examiner recommends revision of the thesis the candidate shall be permitted only once to revise and resubmit the thesis within six months and the revised thesis shall be referred to the same examiner only in situations such as (i) when the examiner recommends new experiments and major modification involving new methodology and also (ii) the examiner insists the university to send the thesis back to the same examiner after revision for offering his final decision on the thesis which should only be either recommended for the award or rejection. In case, the examiner does not insist on sending the thesis back to him, then the university may refer the revised thesis to the Doctoral Committee for acceptance.
- e) When the commendation is contrary to the comments offered by an examiner, after revision, the Vice-Chancellor, if he deems it necessary, shall refer the thesis and the comments to the Board of Research for necessary further action.

13. Oral Examination

- i) The Doctoral Committee shall recommend to the University a panel of three examiners from recognised institutions within India to enable constitution of a Board of viva-voce Examination.
- ii) The Board of viva-voce Examination shall be constituted by the Vice-Chancellor as under :
 - a) The Indian Examiner of the thesis or a specialist in the subject if he / she is not available in India at that time.
 - b) A specialist from a recognised institution from the panel of Members submitted by the Doctoral Committee.
 - c) Research Supervisor of the candidate in the University as the Convenor
 - d) Joint Research Supervisor/Co-guide, if any.

Provided that the Vice-Chancellor, if he deems it necessary may nominate the members from outside the panel also.

- iii) The viva-voce examination shall be conducted as “Open Defence Type” examination. The decision of the Board of Examiners shall be final.

14. Award of Ph.D. Degree

If the report of the Board of viva-voce Examination is SATISFACTORY, the candidate will be awarded the Ph.D. Degree with the approval of the Board of Management.

15. Publication of Thesis

Papers arising out of the thesis may be published by the candidate. However, the thesis as a whole shall not be published by the candidate without the express approval of the Board of Management of the University.

16. Power to Modify

Notwithstanding anything contained in the above said regulations, the Board of Management reserves the right to modify any of the above said regulations from time to time.
